

Honeywell

THE POWER OF **CONNECTED**

WHOLE-HOME BYPASS HUMIDIFIERS

BALANCED HUMIDITY FOR A HOME THAT'S WELL.

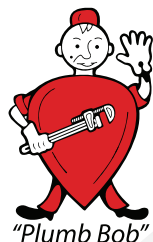

Maintain your home's most comfortable humidity level automatically with a Honeywell Home Whole-Home Humidifier. Controlling humidity means moisturizing dry air to prevent damage to hardwood floors and woodwork while preventing excess moisture.

The Honeywell Home Bypass Humidifier delivers comfort throughout your home by using your central heating and cooling system. With a versatile design and easy-access pads, this humidifier helps manage your indoor humidity to create an enjoyable environment.
